## Message from the Board of Trustees

It is our pleasure to present you with this copy of the Legislative Pension Plan Benefits Handbook for 2015-2018.

The Maryland State Retirement and Pension System carries out two equally important business functions – the administration of the retirement and pension allowances of more than 120,000 retirees and beneficiaries as well as the future benefits of over 250,000 active participating members, and the management of invested assets. In addition to legislators, these groups include state government employees, teachers, police, law enforcement officers, correctional officers, judges and local government employees and fire fighters whose employers have elected to participate in the system.

This handbook has been especially designed for you, our legislative participants, to become acquainted with the benefits and features of the pension plan. Concise explanations and sample calculations are posted throughout the book. In addition to being a valuable resource for retirement planning, this handbook also provides detailed information on benefits available to your family during your elected service career.

You should be aware of other benefits, such as health insurance, which may be available to you after you retire. Please contact your personnel office for more information.

If you ever need assistance, please contact the State Retirement Agency. Feel free to call Ms. Anne E. Gawthrop, director of legislative affairs, at 410-625-5602.

Please be assured that the Board of Trustees and the State Retirement Agency work with diligence and prudence to keep your pension benefits safe and secure. Each of you has our very best wishes for a productive, challenging career and a fulfilling retirement.

## MEMBERSHIP BASICS

### The System that Serves You

The Maryland State Retirement and Pension System (System) has a long, secure history of providing retirement benefits to the employees of the "Free State." Created in 1927 to provide pension benefits to the state's public school employees, the Maryland State Retirement and Pension System has grown to cover more than 250,000 employees -- from teachers, state and municipal employees, and you, our elected lawmakers in Annapolis.

Your plan, the Legislative Pension Plan, is unique. Under Maryland's Constitution, a nine-member Compensation Commission reviews and recommends changes to compensation, allowances, and pension benefits for the members of the General Assembly. The Compensation Commission's recommendations are submitted to the General Assembly during the last regular session of each four-year term of office. If accepted, the Commission's report takes effect at the beginning of the next four-year term.

The information in this handbook is based on the Resolution of the General Assembly Compensation Commission effective on January 14, 2015 for the 2015-2018 term of office. If there are questions of interpretation, the provisions of the Resolution will control to resolve them.

The Legislative Pension Plan is administered by the State Retirement Agency (Agency), which manages the day-to-day operations of your retirement fund and handles all membership matters, from enrollment to benefit payments. The Agency operates under the direction of a 15-member Board of Trustees which establishes policy, oversees investments, and represents the interests of our various members and retirees.

### Your Board of Trustees

Your Board of Trustees plays an important role in the stewardship of the System. The Board guides system operations, establishes investment policies, formulates administrative policy, and oversees the management of system assets.

Some trustees serve on the Board because of their position in state government. Others are appointed by the Governor because of their particular expertise, while others are elected by you, our members.

Your Board consists of the following 15 members:

- Comptroller of the Treasury
- State Treasurer
- Secretary of the Department of Budget and Management
- Five members appointed by the Governor who are knowledgeable in investments (cannot be members of the System)
- One member appointed by the Governor to represent participating municipal corporations
- One member appointed by the Governor to represent county governments
- One elected member or retiree from the State Police Retirement System
- Two elected members of the Employees' Systems\*
- Two elected members of the Teachers' Systems

\* Legislators participate in elections for Employee Systems' trustees.

## How Investments Are Made

The state is required to contribute a certain percentage of payroll each year to fund pension benefits. The contribution rate is established annually by the Board of Trustees based upon an annual actuarial valuation. These contributions, along with employee contributions, are invested under the direction of the System's Board of Trustees.

## Safeguards

To safeguard the proper operation and funding of this multi-billion dollar pension fund, operations are monitored both internally and externally. The System's financial activities are subject to an annual audit by the state's external auditor and the System's administrative activities are subject to a tri-annual audit by the state's legislative auditor. Additionally, the system's financial and administrative activities are subject to routine internal audits. Funding requirements are calculated by an independent actuary, who prepares an annual valuation of the System's assets and liabilities. Before investment programs are undertaken by the Board, they are reviewed by the Board's Investment Committee, which includes three outside investment experts. Pension law requires that assets be invested prudently and conservatively in the best interest of our members.

For an annual summary of how your assets are being managed, see the Agency's quarterly newsletter, *The Mentor*. The System also produces a Comprehensive Annual Financial Report detailing all of the year's major transactions. This document is posted each January on the Agency's Internet website. Reports for prior years also are available online.

## Eligibility

As a member of the Maryland General Assembly, your membership in the Legislative Pension Plan is mandatory. Generally, your membership ends in December of the final year of the term.

Pension benefits may not be paid to a member of the Legislative Pension Plan or the member's beneficiary if the member is convicted of or enters a plea of nolo contendere to any crime that is committed during the member's term in office and is:

- a felony
- or
- a misdemeanor related to the member's public duties and responsibilities and involves moral turpitude for which the penalty may be incarceration in any penal institution.

A retiree of the Legislative Pension Plan and the retiree's beneficiary are subject to forfeiture of pension benefits if the retiree is receiving such benefits at the time he or she is convicted of a crime as described above.

## Enrollment

### NEWLY ELECTED LEGISLATORS

Newly elected members of the General Assembly will be asked to complete and file the following enrollment materials: (If you need assistance, please contact your personnel office.)

- ***Application for Membership (Form 2)***: Provides the Agency with basic personal information necessary to establish your retirement account.
- ***Designation of Beneficiary (Form 55)***: Identifies who receives a survivor benefit should you die during your service in the Maryland General Assembly. You use Form 55 to make your initial designation at enrollment and whenever you need to make changes during your membership. If you are married, your spouse must be designated as your beneficiary. If you are not married, you may designate another person(s) as beneficiary(ies).
- **Proof of Birth**: Along with your completed membership application and beneficiary form, you are required to provide the Agency with verification of your date of birth. This information is essential since your retirement date and benefits are based upon your age in combination with your service credit. The most commonly used documents for proof of age are a copy of your birth certificate, a valid unexpired driver's license, or passport.

### PREVIOUSLY ELECTED LEGISLATORS

If you elected not to participate in the Legislative Pension Plan during prior terms, you will now be required to enroll in the Legislative Pension Plan for the 2015-2018 term. You must complete the enrollment forms noted above and submit a proof of birth date. You will begin earning membership service credit at the start of the 2015-2018 term. If you are interested in purchasing credit for your previous service in the legislature, please refer to the section on Purchased Credit for further information.

If you previously elected to participate in the plan and you have a current account, no additional action is required during the 2015-2018 term. Your membership continues automatically.

## Taking An Active Role

Completing enrollment materials is just the beginning. We encourage you to take an active interest in your plan throughout your career in the General Assembly. To keep you informed of your benefits, each fall the Agency mails to you an annual Personal Statement of Benefits. You are encouraged to contact the Agency when you have questions relating to your benefits.

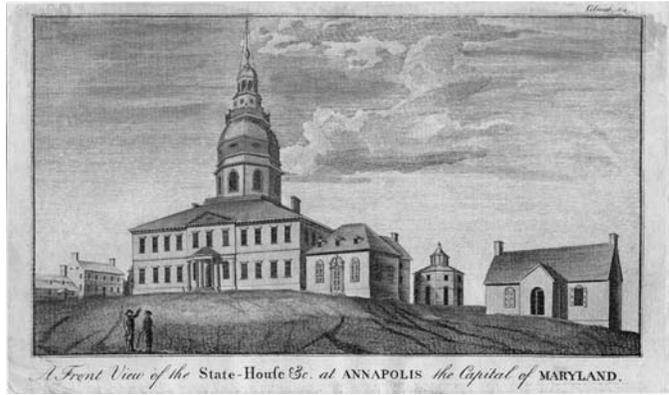

## Terminating Membership

If you leave elected office before qualifying to retire, as you end your membership in the Legislative Pension Plan, you should ask yourself the following questions. If you answer "yes" to any of these questions, contact the Agency and your personnel office before leaving office.

## CONTRIBUTIONS AND SERVICE

### Employer Contributions

In addition to your employee contributions, the state pays on your behalf the contribution necessary to fund your pension benefits. Each year the Board of Trustees certifies to the state an employer rate determined by the System's actuary based on actuarial assumptions adopted by the Board. The state then pays the Agency that percentage of your salary as its annual contribution.

### Employee Contributions

You are required to contribute 7% of your legislative salary during each year of your membership up to a maximum of 22 years and three months. Once you have accrued 22 years and three months, your contributions end. Contributions are deducted from your monthly paycheck and credited directly to your individual account.

Based on the salary schedule for the 2015-2018 term, contributions are as follows:

Year	Annual Salary	Monthly Contribution
2015	\$45,207	\$263.71
2016	\$46,915	\$273.67
2017	\$48,622	\$283.63
2018	\$50,330	\$293.59

#### EMPLOYER PICK-UP PROGRAM

Since January 1989, the state has participated in an "employer pick-up program." Under a pick-up program, an employee's contributions are treated as "employer" contributions for federal income tax purposes. Federal income tax on those contributions is deferred until termination of membership and withdrawal of contributions, or retirement.

The employer pick-up program affects federal income tax only. Employee contributions remain subject to Maryland income tax during active membership.

You should speak with your tax advisor if you have any further questions.

## Maryland Supplemental Retirement Plans

The Maryland Supplemental Retirement Plans offer State employees a low cost way to save additional money for retirement—through the 457 Deferred Compensation Plan, 401(k) Savings & Investment Plan, and 403(b) Tax Deferred Annuity Plan. All contributions are made through payroll deduction. You choose to contribute before- or after-taxes (Roth), or use a combination. You choose how much to save and how to invest your contributions.

The Agency does not administer this program. For further information, contact the Maryland Teachers & State Employees Supplemental Retirement Plans by telephone at 410-767-8740 or 1-800-543-5605. Information also can be obtained from the website [www.msrp.state.md.us](http://www.msrp.state.md.us).

## Creditable Service

As a member of the plan, you earn creditable service for each month you serve in the General Assembly and contribute to the Legislative Pension Plan.

Your creditable service is used:

- to determine your *eligibility* for a benefit and
- to calculate the *amount* of your benefits.

The state submits your pension contribution at the end of each monthly pay period to the Agency, which entitles you to one month of creditable service. Since your salary is paid the entire year, you earn 12 months of creditable service during each year you participate in and contribute to the plan.

Legislators are not entitled to receive credit for military service under this plan.

## Purchased Credit

As a member of the Legislative Pension Plan, you may be eligible to purchase creditable service through a direct payment to the Agency to qualify for future benefits. You may purchase:

- previous legislative service and
- additional service.

### PREVIOUS LEGISLATIVE SERVICE

Your plan currently authorizes a one-time opportunity to purchase all previous uncredited legislative service for a legislator who has service from prior terms.

The cost to you would be all unpaid employee contributions (based on the salaries earned during the uncredited period) plus 4% interest up to the date of payment.

**Note:** Creditable service in other positions with the state or municipal corporations in Maryland, or membership in other pension systems *cannot* be purchased for credit in the Legislative Pension Plan. You may only purchase legislative service as a delegate or senator with the Maryland General Assembly.

### ADDITIONAL CREDIT (MEMBERS TERMINATING WITH LESS THAN EIGHT YEARS)

A member of the Legislative Pension Plan who leaves office with less than eight years of service may purchase additional credit to equal no more than eight years, the minimum eligibility requirement for benefits. The cost to purchase additional credit is based on the legislative salaries payable during the years and months to be purchased multiplied by *both* the 7% employee contribution *plus* the employer contribution rate in effect at the time you leave office.

### APPLYING TO PURCHASE

If you wish to purchase previous legislative service or if you wish to purchase additional credit, you must file a *Request to Purchase Previous Service* (Form 26). To purchase previous legislative service, attach verification of your legislative employment obtained from your personnel office.

**Note:** If you leave office to serve as a judge and are eligible to participate in the Judges' Retirement System, regardless of your years of creditable service in the Legislative Pension Plan at the time you leave, you are entitled to the following:

- a service retirement allowance at age 60 or a reduced retirement allowance at age 50 if you have earned creditable service in the Legislative Pension Plan before January 14, 2015

or

- a service retirement allowance at age 62 or a reduced retirement allowance at age 55 if you have not earned creditable service with the Legislative Pension Plan prior to January 14, 2015.

The eight-year requirement is waived for this special circumstance.

## Dual Membership

Certain Legislative Pension Plan members also participate in another State Retirement or Pension System. These legislators may participate in both the Legislative Pension Plan and an employee or teacher system earning service credits in each. During the months of the active session of the General Assembly, however, these members may earn service credits only in the Legislative Pension Plan. Normally, this means no service credit is earned nor salary payment recognized (for purposes of average final compensation) in the second system for at least the months of February and March.

## YOUR BENEFITS

In addition to providing income at retirement, the Legislative Pension Plan offers important coverage throughout your career.

- Survivor protection should you die before retirement
- Disability coverage in the event you are unable to continue to serve in the General Assembly due to a disabling illness or injury
- A monthly retirement allowance based on your age and service
- Recalculation of your monthly allowance when legislative salary for active members of the General Assembly increases
- Automatic spouse benefit
- An optional benefit choice at time of retirement

Let's take a more detailed look at the benefits your plan offers.

### Survivor Benefits

The survivor protection, also referred to as a death benefit, provides financial protection to your spouse, your minor children (under special circumstances), or, if you are not married, your designated beneficiary(ies.)

#### *Designating Beneficiaries*

##### Spouse

If you are married, your spouse is your sole beneficiary. If you designate someone other than your spouse as beneficiary, the Agency will void that designation and pay your spouse any benefits that may become due at your death.

##### Minor Child(ren)

While serving in the Maryland General Assembly and a member of the Legislative Pension Plan, if you and your spouse die contemporaneously or as a result of the same occurrence, your minor child(ren) under age 18 are deemed your designated beneficiaries and are eligible to receive benefits until each child attains age 18.

### Other Beneficiaries

If you are not married, you may then designate one individual to be your beneficiary or you may name multiple beneficiaries.

If you marry after designating your beneficiary(ies), then your designation is void. Your spouse will automatically be eligible for any benefits due at your death.

### *Payment of Survivor Benefits*

The benefit paid to your beneficiary(ies) is based on your years of membership in the plan.

#### ■ *If You Have Eight or More Years of Creditable Service*

On the death of an active member (or a former member who has not retired or withdrawn his or her accumulated contributions) who had at least eight years of creditable service, the member's spouse or designated beneficiary if there is no spouse may elect to receive a death benefit payable as:

- a single one-time lump sum payment
- or*
- a lifetime monthly benefit.

#### ✓ SINGLE LUMP SUM PAYMENT

##### DEATH OF AN ACTIVE MEMBER

The single one-time lump sum payment at the death of an active member will be:

- the member's annual salary at time of death plus
- the member's accumulated contributions with interest.

##### DEATH OF A FORMER MEMBER

The single one-time lump sum payment at the death of a former member is the deceased's accumulated contributions with interest. Because the former member was not receiving a legislative salary at time of death, the annual salary will not be paid.

##### MULTIPLE BENEFICIARIES

If a single member or former single member has designated more than one beneficiary, the one-time lump sum death benefit will be divided equally among each beneficiary. The lifetime monthly benefit is not payable to multiple beneficiaries.

#### ✓ OPTIONAL MONTHLY ALLOWANCE - PAYABLE ONLY TO ONE BENEFICIARY

Instead of the single lump sum payment, the beneficiary of a deceased active member or former member may accept a lifetime monthly allowance equal to:

- 50% of the allowance that would have been paid to the deceased if that member or former member were living and eligible to retire under either a normal or early retirement at the time of death and receive a retirement allowance.

The monthly allowance is based on the creditable service earned as of the date of death.

### SPOUSE/MINOR CHILD(REN)

The monthly allowance is payable to the spouse at the member's date of death. The allowance continues for the remainder of the spouse's lifetime. Should an *active* member *and* spouse die contemporaneously or as the result of the same occurrence, then any minor child(ren) share the monthly payment equally. The monthly allowance continues until the last minor child reaches age 18.

**Note:** The special protection for minor children is not provided to the minor children of former members. You must be both a member of the General Assembly and an active member of the Legislative Pension Plan for this provision to apply.

### DESIGNATED BENEFICIARY (OTHER THAN A SPOUSE)

The lifetime monthly allowance is paid to the designated beneficiary as follows:

- when the beneficiary attains age 60 or
- at any time after the beneficiary attains age 50 with a reduction of 0.5% for each month payment begins prior to the designated beneficiary's 60th birthday.

### ■ *If You Have Less Than Eight Years of Creditable Service*

On the death of a member who has less than eight years of creditable service, the member's spouse (or designated beneficiaries, if there is no spouse) receives a single one-time lump sum payment.

#### DEATH OF AN ACTIVE MEMBER

Following the death of an active member of the plan who has less than eight years of creditable service, the member's spouse (or designated beneficiaries, if there is no spouse) receives a single one-time lump sum payment equal to the member's:

- annual salary at the time of death plus
- accumulated contributions.

If the member and spouse die contemporaneously or as the result of the same occurrence, then the lump sum benefit is shared equally among child(ren) under the age of 18. If there is no spouse, then the lump sum payment is payable to the designated beneficiary(ies).

#### DEATH OF A FORMER MEMBER

If a former member with less than eight years of creditable service dies, only the former member's accumulated contributions with interest are paid to his or her estate.

### MULTIPLE BENEFICIARIES

If a single member or single former member has designated more than one beneficiary, the one-time lump sum death benefit will be divided equally among each beneficiary.

## Disability Benefits

The Legislative Pension Plan provides disability coverage in the unfortunate event that a serious illness or injury permanently incapacitates you from carrying out your responsibilities as a member of the General Assembly. While we hope you never need to apply for disability benefits, an accident or illness can happen at any time. For this reason, it is important for you to be aware of the disability provision of your plan.

### *Disability Eligibility Requirements*

To qualify for a disability allowance, you must meet *all* of the following requirements:

- be a member of the General Assembly,
- be a member of the Legislative Pension Plan,
- have a minimum of eight years of creditable service, and
- be approved by the Agency's Medical Board and Board of Trustees that you are permanently disabled.

### *Disability Benefit Amount*

A member who qualifies for a disability benefit receives a service retirement allowance based on the years and months of creditable service in the member's account at the time of disability. There is no reduction for receiving payments prior to attaining age 60 or are 62.

An example of a disability benefit calculation is shown on page 20.

## APPLYING FOR DISABILITY

Disability retirement entails a two step process. The first step is to apply for disability benefits. The second step is to file an application to actually retire if you are approved for disability benefits.

**IMPORTANT: If you believe you may be eligible for a disability retirement benefit, contact the State Retirement Agency immediately.**

## STEP 1: APPLYING FOR DISABILITY BENEFITS

### *Filing Requirements*

Be aware that you cannot wait indefinitely to file for disability. You may apply only while on payroll or by December of the final year of your term.

### *How to File A Claim*

Keep in mind that the medical evaluation is based on the documentation you provide detailing the disabling condition, the diagnosis and the prognosis. It is in your best interest to submit as much supporting information as possible. To expedite your claim, all forms and supporting medical information should be submitted together. Disability applicants must file the following:

- **Statement of Disability (Form 20):** This form provides information on the nature and cause of the disability. It requires your physician's medical report, which should include an opinion as to whether or not you are permanently disabled, and if so, why.

- **Job description:** The Medical Board evaluates the medical condition in relation to your duties as a legislator.
- **All pertinent medical records:** Your doctor(s) will help you submit medical information in support of your claim, such as X-rays, test results and hospital reports. Form 20 contains a complete list of pertinent medical data.

#### *Claim Review/Approval*

Disability claims are evaluated by the Agency's Medical Board, which reviews cases on a weekly basis. The physicians currently serving on the Medical Board represent a range of medical specialties. They are appointed by the System's Board of Trustees and are not affiliated with the state.

The Medical Board's recommendation regarding the disability claim is presented to the Board of Trustees for final action. In some cases, the Medical Board will request an examination by a consulting physician at the Agency's expense for the purpose of providing an additional medical opinion.

#### *Notification*

The claimant is notified of the claim decision after the Board of Trustees rules on the action recommended by the Medical Board.

### STEP 2: IF APPROVED, FILE AN APPLICATION TO ACTUALLY RETIRE

If your disability claim is approved, you may then submit a Retirement Application (Form 15). The Agency at this time will determine your retirement date. Most retirees select the first day of the month as their retirement date, but this is not mandatory. Your health situation could dictate otherwise. For retirement dates other than the first day of the month, benefit payments become effective on the first day of the following month.

## Retirement Benefits

There are two types of retirement: normal and early. Normal service retirement provides full benefits while early retirement provides a reduced benefit.

Eligibility for a retirement benefit depends on two key factors:

- your age and
- your creditable service.

### NORMAL SERVICE RETIREMENT

#### *Eligibility Requirements*

To qualify for a normal service retirement allowance you must:

- be at least age 60 if you have earned creditable service in the Legislative Pension Plan before January 14, 2015 or be at least age 62 if you have not earned creditable service in the Legislative Pension Plan before January 14, 2015 and
- have at least eight years of creditable service.

**Note:** Refer to the section on Purchased Credit for information on purchasing service to help you reach the minimum eight years of creditable service needed to qualify for a retirement benefit.

### *Normal Service Retirement Allowance*

Your normal service retirement benefit is based on your creditable service and the legislative salary for current members of the General Assembly. Under the plan, you receive 3% of legislative salary for each year of creditable service (up to a maximum 22 years three months). After serving 22 years three months, at the following combinations of age and service, the maximum benefit available is 2/3 of the legislative salary:

- at age 60 if you have earned creditable service in the Legislative Pension Plan before January 14, 2015
- or*
- at age 62 if you have not earned creditable service in the Legislative Pension Plan before January 14, 2015

At age 60 or age 62, you receive the following percentage of legislative salary payable to active members of the General Assembly, based on the years of creditable service shown.

Creditable Service	Percentage of Salary (Annual Benefit)	Estimated Benefit (Monthly)*
8 Years	24%	\$ 904.14
12 Years	36%	\$1,356.21
16 Years	48%	\$1,808.28
20 Years	60%	\$2,260.35
22.25 Years**	66.67%	\$2,511.63
* Monthly benefit is estimated using 2015 salary of \$45,207.		
** Maximum service that may be credited to the plan.		

See page 17 for sample benefit calculations for a service retirement.

**Note:** Members who serve as Speaker of the House or President of the Senate for at least one year, or who serve in these offices at retirement, receive benefits based on the current annual salary paid to the presiding officer. The presiding officers will receive an annual salary equal to \$58,718 for calendar year 2015, \$60,935 for calendar year 2016, \$63,153 for calendar year 2017 and \$65,371 for calendar year 2018.

### **REDUCED EARLY SERVICE RETIREMENT**

#### *Eligibility Requirements*

Many legislators leave the General Assembly prior to age 60 or 62. Some decide to take an early, or reduced, service retirement allowance rather than wait to receive the unreduced allowance at age 60 or 62. To qualify for a reduced service retirement allowance, you must have at least eight years of creditable service and meet one of the following combinations of age and service:

- be at least age 50 if you have earned creditable service in the Legislative Pension Plan before January 14, 2015
- or*

- be at least age 55 if you have not earned creditable service in the Legislative Pension Plan before January 14, 2015

See page 18 for sample benefit calculations for an early service retirement.

#### *Reduced Early Service Retirement Allowance*

Legislators who retire early (prior to age 60 but after attaining age 50 or prior to age 62 but after attaining age 55) receive a reduced benefit. The reduction is necessary because the funds accumulated to pay the benefit must be spread over a longer payment period. The reduction is 0.5% for each month you retire prior to age 60 or age 62. This equals 6% a year, for a maximum reduction of 60% if you retire at age 50 or 42% if you retire at age 55.

As an example, a legislator who has not earned service credit in the Legislative Pension Plan before January 14, 2015, and who wants to retire at age 57 years 6 months is 54 months from age 62. This legislator's benefit is reduced by 27% (54 months × .005).

If you have earned creditable service in the Legislative Pension Plan before January 14, 2015, and your membership in the General Assembly and the plan ends before you are age 50 and you have eight or more years of creditable service, you qualify to receive a reduced benefit at any time between age 50 and age 60. If you wait until age 60 to collect your benefit, you will receive an unreduced service retirement allowance.

If you have not earned creditable service before January 14, 2015, and your membership in the General Assembly and the plan ends before you are age 55 and you have eight or more years of creditable service, you qualify to receive a reduced benefit at any time between age 55 and age 62. If you wait until age 62 to collect your benefit, you will receive an unreduced service retirement allowance.

### CHOOSING AN ALLOWANCE OPTION

#### *Basic Allowance*

At retirement, you may elect the Basic Allowance, which provides you with your maximum benefit based on your creditable service. If married at your death, your spouse receives 50% of the benefit payable to you with payment beginning at your death and continuing for the remainder of your spouse's lifetime.

If you are not married at time of death and have designated a beneficiary, then your designated beneficiary receives the 50% benefit for life. Payment to the beneficiary for the full survivor benefit does not begin until the beneficiary attains age 60. A reduced survivor benefit is available at your beneficiary's option as early as age 50.

Like a reduced service retirement benefit, the early survivor benefit is reduced by 0.5% for each month your designated beneficiary elects to receive the benefit prior to reaching age 60.

**Note:** If you are not married when you retire, you may designate one person as your beneficiary to receive the 50% survivor benefit noted above. If you designate more than one beneficiary, your designated multiple beneficiaries will share equally the balance of the actuarial equivalent present value of your Basic Allowance computed at the time of your retirement. If you marry or remarry after retirement, any previ-

ous designation is void. Your spouse automatically is entitled to the 50% survivor benefit due under the Basic Allowance.

#### *Optional Allowance*

There is one optional payment plan a retiring legislator may elect. You should carefully review your personal circumstances before selecting this optional allowance. Unlike your Basic Allowance, this optional allowance reduces your monthly benefit in order to provide benefit protection for your spouse or designated beneficiary. Your election of this optional allowance is irrevocable.

**100% Survivor Option:** Provides a reduced allowance to you. Upon your death, 100% of your allowance is paid to your spouse or designated beneficiary. If you choose this option, your beneficiary cannot be more than 10 years younger than you unless the beneficiary is your spouse or disabled child. If you are naming your disabled child at retirement, you need to have verification from a physician of your child's disability. Form 143, *Verification of Retiree's Disabled Child for Selection of Option 2/5 Beneficiary*, must be completed and attached with your application for retirement.

#### APPLYING TO RETIRE

It is your responsibility to apply for retirement. Receipt of a retirement benefit is not automatic. To be eligible, you must file the following:

- ***Application for Retirement (Form 15)***. On this form, you must select the date of your retirement and designate one beneficiary (your spouse if married). If you elect more than one beneficiary, you must complete *Designation of Beneficiary* (Form 55).
- ***Direct Deposit Electronic Funds Transfer Sign-Up (Form 85)***. You must complete an Electronic Fund Transfer to initiate direct deposit of your pension payments. Direct deposit has replaced mailed checks in order to expedite the monthly payment of your pension allowance.
- ***Federal and Maryland State Tax Withholding Request (Form 766)***. You must submit this form to authorize Federal and Maryland state tax withholding options to be applied to your monthly retirement allowance.

## CALCULATING YOUR BENEFITS

This section illustrates how to calculate dollar amounts for the various plan benefits. The samples provided are examples only. The Agency will furnish you with a precise calculation when you file for benefits.

### Sample Benefit Calculations – 2014 Resolution

#### NORMAL SERVICE RETIREMENT

Calculating normal service retirement uses a very elementary formula. Legislators receive 3.0% of current legislative salary for each year and month of creditable service, up to a maximum benefit of 66.67% of current legislative salary.

Let's look at some examples.

##### *Example 1: Service Retirement*

You retire in 2018 with 16 years of creditable service at age 62. Using the 2018 salary of \$50,330, your benefit would be calculated as follows:

$$\$50,330 \times .03 = \$1,509.90$$

$$\$1,509.90 \times 16 \text{ years} = \$24,158.40 \text{ **annual Basic Allowance**}$$

$$\$24,158.40 \div 12 = \$2,013.20 \text{ **monthly Basic Allowance**}$$

##### *Example 2: Service Retirement*

Now, let's assume that you retire in 2018 at age 62 after 24 years of service in the General Assembly. The benefit would be calculated as follows:

$$\$50,330 \times .6667^* = \$33,555.01 \text{ **annual Basic Allowance**}$$

$$\$33,555.01 \div 12 = \$2,796.25 \text{ **monthly Basic Allowance**}$$

**\* Maximum benefit allowed under your plan.**

**Note:** Legislators who serve as President of the Senate or Speaker of the House at termination of service, or who have served previously for at least one year, receive

benefits based on the salary paid to the current Senate President and House Speaker. The presiding officers will receive an annual salary equal to \$58,718 for calendar year 2015, \$60,935 for calendar year 2016, \$63,153 for calendar year 2017 and \$65,371 for calendar year 2018.

### REDUCED EARLY SERVICE RETIREMENT

Reduced retirement uses the same formula as normal retirement, except that the benefit is reduced by 0.5% for each month payments begin prior to age 60 if you have earned creditable service in the Legislative Pension Plan prior to January 14, 2015. The maximum reduction is 60% at age 50. You must be at least age 50 to apply for and receive a reduced retirement allowance.

Reduced retirement uses the same formula as normal retirement, except that the benefit is reduced by 0.5% for each month payments begin prior to age 62 if you have not earned creditable service in the Legislative Pension Plan prior to January 14, 2015. The maximum reduction is 42% at age 55. You must be at least age 55 to apply for and receive a reduced retirement allowance.

Again, let's look at some examples.

*Example 3: Reduced Early Service Retirement with No Creditable Service Earned in the Legislative Pension Plan before January 14, 2015*

You retire in 2018 at age 58 years five months with 16 years of creditable service and you did not earn creditable service in the Legislative Pension Plan before January 14, 2015. Using the 2018 legislative salary of \$50,330, your benefit would be calculated as follows:

#### **STEP 1: Calculate the Basic Allowance**

$$\$50,330 \times .03 = \$1,509.90$$

$$\$1,509.90 \times 16 \text{ years} = \$24,158.40 \text{ annual Basic Allowance}$$

#### **STEP 2: Apply the reduction factor**

$$43 \text{ (months to age 62)} \times .005 = 21.5\%$$

$$\$24,158.40 \text{ (Basic Allowance)} \times .215 = \$5,194.06$$

$$\$24,158.40 - \$5,194.06 = \$18,964.34 \text{ reduced annual Basic Allowance}$$

$$\$18,964.34 \div 12 = \$1,580.36 \text{ reduced monthly Basic Allowance}$$

*Example 4: Reduced Early Service Retirement with Creditable Service Earned in the Legislative Pension Plan before January 14, 2015*

You retire in 2018 at age 53 years and five months with 16 years of creditable service, some of which is earned before January 14, 2015. Using the 2018 legislative salary of \$50,330, your benefit would be calculated as follows:

**STEP 1: Calculate the Basic Allowance**

$$\$50,330 \times .03 = \$1,509.90$$

$$\$1,509.90 \times 16 \text{ years} = \$24,158.40 \text{ annual Basic Allowance}$$

**STEP 2: Apply the reduction factor**

$$79 \text{ (months to age 60)} \times .005 = 39.5\%$$

$$\$24,158.40 \text{ (Basic Allowance)} \times .395 = \$9,542.57$$

$$\$24,158.40 - \$9,542.57 = \$14,615.83 \text{ reduced annual Basic Allowance}$$

$$\$14,615.83 \div 12 = \$1,217.99 \text{ reduced monthly Basic Allowance}$$

*Example 5: Reduced Early Service Retirement with No Creditable Service Earned in the Legislative Pension Plan before January 14, 2015*

The maximum reduction at age 55 is 42%. If we use the same salary and service noted above, but assume you retire at age 55, then the benefit would be calculated as follows:

**STEP 1: Calculate the Basic Allowance**

$$\$50,330 \times .03 = \$1,509.90$$

$$\$1,509.90 \times 16 \text{ years} = \$24,158.40 \text{ annual Basic Allowance}$$

**STEP 2: Apply the reduction factor**

$$84 \text{ (months to age 62)} \times .005 = 42\%$$

$$\$24,158.40 \text{ (Basic Allowance)} \times .42 = \$10,146.53$$

$$\$24,158.40 - \$10,146.53 = \$14,011.87 \text{ reduced annual Basic Allowance}$$

$$\$14,011.87 \div 12 = \$1,167.66 \text{ reduced monthly Basic Allowance}$$

## DISABILITY RETIREMENT

Disability retirement uses the same formula as normal service retirement. The disability allowance is paid when you are found disabled, regardless of your age.

*Example 5: Disability Retirement With No Creditable Service earned in the Legislative Pension Plan Before January 14, 2015*

If we assume you are disabled in 2016 at age 42 with 16 years of service and your legislative salary is \$46,915 (the legislative salary for 2016), the disability benefit would be calculated as follows:

$$\$46,915 \times .03 = \$1,407.45$$

$$\$1,407.45 \times 16 \text{ years} = \$22,519.20 \text{ **annual Basic Allowance**}$$

$$\$22,519.20 \div 12 = \$1,876.60 \text{ **monthly Basic Allowance**}$$

No reduction applies for a disability retirement. Regardless of your age at the time disability payments begin, you receive a full service retirement allowance as your disability allowance.

## WHEN YOU RETIRE

### Method of Payment

To ensure the timely delivery of benefit payments, the Agency has instituted a mandatory direct-deposit policy for the payment of monthly benefits.

Payments are issued on the last business day of each month. Because the payments are sent electronically, funds post immediately to the retiree's bank account. With your first direct deposit, you will receive by mail an advice slip listing your payment amount and withholdings (taxes, health insurance, etc.) Thereafter, advice slips are issued in January, July and whenever your net amount changes.

### Address Changes

It is important for you to maintain a current mailing address with the Agency. Although your monthly payments are transferred electronically to your bank, all other information — advice notices, tax information, newsletters — are mailed to your home address.

To ensure prompt delivery of this information, you need to notify the Agency whenever you change your mailing address. For your protection, the address change must be submitted to the Agency in writing (include your Social Security number and place your signature on your address change).

### Tax Reporting

Each January, the Agency sends to your home or other mailing address on your file an IRS form, 1099-R tax statement, providing information you need to file annual federal and state tax returns.

When you file for retirement, you are asked to complete a tax withholding form (Form 766). If you elect not to have taxes withheld as a deduction from your monthly allowance, you may be required to make quarterly estimated payments to the appropriate taxing authority.

The Agency does not provide tax advice. Payment of tax is your responsibility. You should contact a tax consultant or the appropriate taxing authority for specific information regarding your tax liabilities.

## Benefits After You Retire

While retired, you may request voluntary deductions be withheld from your monthly retirement payments for health insurance, State Employees Credit Union, etc. Check with your personnel office for information on what benefits you may continue after retirement and the costs.

### STATE OF MARYLAND RETIREES

For retirees of Maryland state government, up-to-date information on health benefits for eligible retirees is available online at [www.dbm.maryland.gov/benefits](http://www.dbm.maryland.gov/benefits) or by calling 410-767-4775 or toll-free-1-800-307-8283.

### COST-OF-LIVING ADJUSTMENTS

Retirees in the Legislative Pension Plan have their retirement benefit recalculated each time the salary for an active member of the General Assembly increases. This recalculation will be based on the salary of a current active member.

The following chart illustrates the cost-of-living adjustment through 2018 based on a member retiring at age 62 with 16 years of service credit.

Year	Legislative Salary	Recalculated Monthly Benefit
2015	\$45,207	\$1,808.28
2016	\$46,915	\$1,876.60
2017	\$48,622	\$1,944.88
2018	\$50,330	\$2,013.20

A retired legislator who served as President of the Senate or Speaker of the House at termination of service, or who has served previously for at least one year will have their retirement benefits recalculated each time the salary for a current presiding officer of the General Assembly increases. This recalculation will be based on the higher salary of the current presiding officers.

### EMPLOYMENT AFTER RETIREMENT

If you work for the state or an employer who participates in the System after you retire from the plan, you will continue to receive your legislative retirement benefit. There is no reduction or suspension of your benefits during this employment.

However, if you return to the General Assembly, your legislative retirement benefit is stopped and all previous service credit is restored. You may elect to join the Legislative Pension Plan again and earn additional service credit. If you elect to join again, your future retirement benefit will be based on all current and prior creditable service earned (up to the maximum 22 years three months) as well as the legislative salary at the time of your second retirement.

### GARNISHMENT OF PENSION BENEFITS

Generally, a retiree's pension benefits are not subject to assignment, garnishment, execution, or attachment. However, there are exceptions to this general rule. A portion of the retired legislator's benefit may be assigned or transferred to an ex-spouse in a decree or order of divorce or an agreement incident to a divorce. Liens can also be placed against a pension for child support or delinquent payment of federal or state taxes.

### FORFEITURE OF PENSION BENEFITS

An individual who is a member or retiree of the Legislative Pension Plan will forfeit all legislative retirement benefits in the plan if the individual is convicted of a crime committed during the term of office of the individual was member, and that crime is a felony or serious misdemeanor relating to the individual's public duties as a member of the General Assembly. The convicted member or retiree will be entitled to a return of employee contributions, plus interest, but less any benefits already paid in the case of a retiree. The benefits will be restored if the conviction is overturned.

#### Item 2D

Each member who wishes to be reimbursed for expenses actually incurred for registration fees, meals, lodging and travel in attending a meeting, conference or other function outside the State that the member believes is directly related to, or will substantially enhance the performance of, the member's duties as a legislator shall request and obtain in writing the prior approval of the President of the Senate and the Speaker of the House of Delegates. The request for approval shall indicate the basis for the request for reimbursement, the estimated amount of reimbursable expenses and such other information as may be reasonably necessary to determine the appropriateness of reimbursement. The President of the Senate and the Speaker of the House of Delegates shall develop guidelines for reimbursement of out-of-state travel and other expenses. In developing these guidelines the President of the Senate and the Speaker of the House of Delegates may utilize the provisions of the Standard Travel Regulations of the State of Maryland to the degree applicable, except that the following policies shall be observed:

Participation in these programs shall be in the same manner as the participation of State employees. Additional benefits programs authorized for State employees during a legislative term of office may not be made available to legislators until the beginning of the next term, at which time they shall be fully available unless prohibited elsewhere in this Resolution. Legislators may not receive State employee death benefits, paid leave, or payroll deductions other than those associated with the items authorized by this Resolution. Legislators may not participate in the State's unemployment insurance program, including those former legislators who have been unseated by the elective process.

(ii) A legislator who leaves the General Assembly on or after January 14, 2015, may continue to participate in the State health program in the same manner as State employees, in accordance with the most current State of Maryland Health Benefits Guide.
