TRADE MATCHING SOFTWARE RFI

RESPONSES TO POTENTIAL OFFERORS' QUESTIONS

FEBRUARY 6, 2024

Question 1:

The RFI is focused on software solutions but also suggests in the opening paragraph that other comprehensive solutions may be welcomed. Would the System consider an alternative solution that is a managed service providing end users with a fully outsourced trade management solution?

Answer 1:

Every firm is welcome to make a submission under the RFI. We will consider alternative solutions that still contain the trade matching functionality that we desire.
