MEMBERS AND RETIREES of the Maryland State Retirement and Pension System will elect two retiree representatives to the system’s board of trustees in an election slated for summer 2011.

To be eligible to vie in the election, candidates must be retirees of either the Teachers’ Systems or Employees’ Systems. The Teachers’ Systems include the Teachers’ Retirement and Pension Systems. The Employees’ Systems include the Correctional Officers’ Retirement System, the Employees’ Pension and Retirement Systems, the Judges’ Retirement System, the Legislative Pension Plan, the Local Fire and Police System, and the Law Enforcement Officers’ Pension System. Both active members and retirees of the respective plans may cast ballots.

The two successful candidates will serve terms in office from August 1, 2011, through July 31, 2015.

A. MELISSA MOYE, PH.D., HAS BEEN NAMED INTERIM CHIEF INVESTMENT OFFICER (CIO) by the Board of Trustees of the Maryland State Retirement and Pension System.

Dr. Moye, a former board member who currently serves as Maryland deputy treasurer for financial policy, will serve as interim CIO while a search is conducted for a permanent replacement for former CIO Mansco Perry, III, who left the agency in October to accept a similar position with Macalester College in Saint Paul, Minnesota.

“We are very fortunate to have someone with Dr. Moye’s skill and experience who is prepared to assume the duties as interim CIO during this transition period,” said State Treasurer and Board Chairman Nancy K. Kopp. “Dr. Moye brings a wealth of knowledge and experience to this key position.”

Dr. Moye has served as deputy treasurer since 2007 and will continue in that capacity, advising Treasurer Kopp on financial policy issues deliberated on by various governmental boards and commissions.

Dr. Moye received her B.A. from Earlham College, continued her studies at Temple University and received her Ph.D. in Economics at the University of Notre Dame.

Understanding your 1099-R

**PERSONALIZED COPIES OF INTERNAL REVENUE SERVICE FORM 1099-R**
will be distributed to all State Retirement and Pension System retirees by the end of January 2011. The forms provide each retiree with detailed information on his or her pension income for the previous year. Most retirees receive only one 1099-R each year. However, members who retired in 2010 will receive a separate form 1099-R for any additional refunds they received, such as a refund of State pick-up contributions or a refund of voluntary annuity contributions.

**How to Read Your 1099-R**

**BLOCK 1. (Gross Distribution)**
This is the total amount of pension benefits paid to you by the State Retirement Agency during the 2010 calendar year.

**BLOCK 2A. (Taxable Amount)**
This is the taxable amount of your pension. Depending on your retirement date and whether you contributed to your plan, you may not be taxed on the total amount of benefits paid to you. If this is the case, the amount shown in this block will differ from the amount in Block 1.

**BLOCK 2B. (Taxable Amount Not Determined)**
This block applies only to disability retirees who retired prior to January 1, 1995. These individuals should consult IRS Publication 575 before preparing their tax returns.

**BLOCK 4. (Federal Income Tax Withheld)**
This block shows any federal income tax deducted from your monthly retirement payments. To change the amount of federal income tax being withheld, complete a tax withholding request form (Form 766), available through the State Retirement Agency.

**BLOCK 5. (Employee Contributions)**
This is the amount of your contributions that were recovered, tax free, during 2010. This figure is the difference between the amounts in Blocks 1 and 2a. The dollar figure in this box does NOT represent the amount of any health insurance premiums withheld from your benefit payment.

**BLOCK 7. (Distribution Code(s))**
IRS codes are explained on the back of the 1099-R form.

**BLOCK 9B. (Total Employee Contributions)**
For retirees who received their first benefit payments in 2010, this block contains the value of any contributions made during employment that can be recovered tax-free. Only members who retired in 2010 and made pension contributions will see a value in this block. For members who retired prior to 2010, a zero will be printed in the block.

**BLOCK 10. (State Income Tax Withheld)**
Any Maryland State income tax deducted from your monthly checks is shown in this block. To change the amount being withheld, complete a tax withholding request form (Form 766).

**BLOCK 15. (Pick-Up Contributions)**
This figure applies to members whose employers participated in the State Pick-up Program. For an explanation of pick-up contributions, see "State Retirement Pick-up and your taxes" on page 6.

**DUPLICATE 1099-R**
To request a duplicate copy of your 1099-R form, please call the State Retirement Agency at 410-625-5555 or 1-800-492-5909.
AN UPCOMING TRUSTEE ELECTION, INVESTMENT PERFORMANCE AND THE SUCCESSFUL LAUNCH OF A NEW COMPUTER SYSTEM were among topics addressed during recent meetings of the Board of Trustees of the Maryland State Retirement and Pension System.

October 19, 2010
Current terms in office of Trustees Theresa Lochte and John W. Douglass, representatives of the Teachers’ and Employees’ Systems, respectively, end in August 2011. On a motion by Trustee Morris L. Krome and seconded by Trustee Sheila Hill, the board approved an election schedule in which voting materials, including candidate biographies, will be mailed to eligible voters in May 2011. Election results will be announced following the July 2011 meeting of the board of trustees. (See article, page 1).

In other business, on a motion by Trustee Hill and seconded by Comptroller and Board Vice Chairman Peter Franchot, the board ratified the appointment of A. Melissa Moye, Ph.D., as interim chief investment officer. Dr. Moye replaces former CIO Mansco Perry, III, who recently resigned from the Maryland State Retirement Agency. (See article, page 1).

In his final report to the full board, Mr. Perry stated that as of September 30, 2010, the system’s trust fund totaled $35.2 billion with a fiscal year-to-date investment return of 11.5%.

September 21, 2010
Trustee Robert W. Schaefer, chairman of the investment committee, provided a detailed overview of the system’s portfolio performance during the fiscal year ended June 30, 2010. For that period, the system’s overall plan performance was 14.03%. Details of Mr. Schaefer’s presentation are available in the full board minutes posted online at www.sra.state.md.us.

State Treasurer and Board Chairman Nancy K. Kopp, Trustee Douglass and Maryland State Retirement Agency Executive Director R. Dean Kenderdine recognized the numerous employees who worked diligently in the planning, development and testing of the new Maryland Pension Administration System (MPAS). A multi-phase endeavor to modernize the Retirement Agency’s core pension benefits administration information systems, MPAS “went live” in August and is now in use throughout the agency.

Major Krome, as part of his administrative committee report, stated that Mr. Kenderdine had introduced the agency’s budget request for fiscal year 2012. Major Krome reported that it is essentially a flat budget similar in format to those presented in prior years. The workload for the agency continues to increase. Based on the year’s record volume of requests for pension estimates, it can be anticipated that the system may experience a significant increase in retirees, he said.

August 17, 2010
Mr. Perry noted that the fiscal year 2010 Trust Universe Comparison Service (TUCS) report for public pension funds greater than $25 billion ranked the system in the 35th percentile and in the 28th percentile for public funds greater than $1 billion.

July 20, 2010
The July meeting began with the appointment of members and officers of the board’s several committees. Trustees James M. Harkins and Major Krome were named chairman and vice chairman of the administrative committee, while Trustees Schaefer and William D. Brown were appointed to those two positions, respectively, in the investment committee. Full committee rosters are available online at www.sra.state.md.us.

Mr. Kenderdine announced that Mr. Harkins had been reappointed to a new four-year term on the board by Governor Martin O’Malley. Mr. Harkins, a former Harford County Executive and a two-term member of the Maryland House of Delegates, is director of the Maryland Environmental Service and represents local government interests on the board.

Mr. Perry informed the board that the system’s final investment return for fiscal year 2010 was 14.03%. This placed the system in the 35th percentile among public pension plans with assets above $25 billion.

The 14-member board, which is responsible for establishing investment and administrative policy and overseeing the management of the Maryland State Retirement Agency, meets each month at the system’s administrative offices in Baltimore. Full meeting minutes are available the month following the meeting at www.sra.state.md.us.

**RETIREES WHO WISH TO UPDATE THEIR TAX WITHHOLDING ELECTION** must file a combined **Federal and Maryland State Tax Withholding Request** (Form 766) covering both federal and state taxes. For your convenience, Form 766 is available online at [www.sra.state.md.us](http://www.sra.state.md.us) or by calling or writing to the Maryland State Retirement Agency.

Current Internal Revenue Service (IRS) tax regulations require your federal tax withholding to be calculated using IRS tax withholding tables. You can no longer designate only a specific dollar amount to be withheld for federal tax. You must first designate your marital status and number of allowances on line 2 of the form. Then you can designate an additional amount to be withheld on Part I, line 3 of Form 766.

Form 766 revokes all prior federal and state tax withholding elections. For example, if you previously requested federal and state tax withholdings and now submit a new request indicating only state tax, your federal tax withholdings will be cancelled. You must fill out **both** sections of the form **even if you wish to update only one portion of your withholdings.**

**IMPORTANT:** The Maryland State Retirement Agency will begin using the new 2011 federal tax withholding tables beginning with your January benefit payment. The new tables, issued by the Internal Revenue Service, became effective January 1, 2011, and may result in an increased amount of federal taxes being withheld from your benefit payment. Maryland state tax withholding is unaffected. For more information go to [www.sra.state.md.us](http://www.sra.state.md.us).
State Retirement Pick-up and your taxes

FOR ELIGIBLE RETIREES, Block 15 of the 1099-R Form contains the amount of your tax deferred contributions made under the State Retirement Pick-up Program. This figure is important for Maryland State income tax preparation.

The State Pick-up Program is concerned with the employee pension plan contributions made while working. It provides for the deferral of federal taxes when the contributions are made, but makes them taxable when received in the pension. Since this program only defers federal taxes at the time the contributions are made, state income taxes were deducted. The consequence in retirement is that the state income tax is deferred until the pick-up contributions are recovered.

While most members participated in the pick-up program, your participation was determined by whether your employer elected to participate and by whether your pension plan required you to make employee contributions.

FEDERAL TAXES

Since eligible members did not pay any federal taxes on their pick-up contributions during employment, taxes must be paid during retirement.

You do not need to make any special entries on your federal tax form – the retirement agency has included your pick-up contributions when computing the taxable amount of your pension for federal tax purposes.

MARYLAND STATE TAXES

You have already paid Maryland State taxes on the pick-up contributions listed on your 1099-R. To avoid paying taxes twice, you must subtract the pick-up amount from your federal adjusted gross income shown on page 1 of your Maryland tax return (Form 502) as follows:

Enter your pick-up amount on line r of Form 502SU. Enter the sum of all subtractions from Form 502SU on line 13 of Form 502. Enter code letter "r" in the code letter box of Form 502. Please attach the Form 502SU to the Form 502. This serves as a subtraction from your income which will reduce your taxable net income on line 20 (Form 502).

The subtraction is limited to the amount of pick-up contribution stated on the 1099-R or the taxable pension, whichever is less. The remainder of the pick-up amount is carried over to next year’s taxes. When the pick-up amount reaches zero, "EP used" will be printed in the pick-up block on your 1099-R. This usually occurs within a few years after the date of retirement.

ATTENTION 2010 RETIREES

For members who retired in 2010, the W-2 form you receive from your former employer will show 1) your annual wages earned prior to retirement and 2) any state pick-up contributions made in 2010. This amount serves as an addition to state income for 2010. Enter this figure on line 3 of your Maryland tax return (Form 502).

Annual report, continued from page 2

These earnings represent an impressive turnaround from last fiscal year’s losses that resulted from the credit crisis and severe decline of the global economy. Regardless of the economic events and market volatility of recent years, the system remains financially sound and committed to its long-term funding goals.

It should be noted that during the first five months of fiscal year 2011, the system achieved a total investment return of 10.1%.

For more detailed information, the system’s Comprehensive Annual Financial Report is available online at www.sra.state.md.us.
